CLEARING UP OLD CRIME

Prisoner on Blackwells Island Tells of Mattie Hackett in Maine Eight Years Ago—Rope Used to Strangle Victim

New York, April 30.—Through a statement made by Richard F. Dunbar, a prisoner on Blackwells Island, the police are hopeful of clearing up an eight-year-old murder mystery, the killing of Mattie Hackett, a young girl of Kennebec county, Maine in August 1905, Dunbar, the police say, implicated two other men.

Only a few months ago, after the crime had remained unsolved for years, a Mrs. Redmond was tried for the murder, but acquitted. The fear that other innocent persons might be accused, as well as the fact that he had been haunted by visions of the victim, were the reasons, the police say, Dunbar assigned for his statement.

The police quote Dunbar as saying he became friendly with a young man at Redfield, Me., who wanted to be "right of the Hackett girl. With this friend, and a third man, Dunbar said he went to the Hackett home and while one of the party, on some pretext, got the girl's father out of the house, the others lured her to a lonely spot and strangled her with a rope. The Kennebec county authorities have been notified of the confession.

SITUATION IN ALBANIA

King Nicholas and Essad Pasha Are Appealed to by Turko-Albanian Committee to Overthrow the Provisional Government

London, April 30.—A Gratz dispatch to the Mail says that the Austrian military authorities have taken possession of the railroads running to the south but that no movement of Austrian troops across the Montenegrin frontier has occurred as yet. The Vienna correspondent of the Chronicle gives details of a plot according to which the Turko-Albanian committee at Constantinople appealed to Essad Pasha and King Nicholas to have Albania for Koran by overthrowing the provisional government at Avlona. This was described as an instrument set up in the interest of the great powers.

The committee also summoned Djavid Pasha to assist Essad Pasha. The latter concluded a pact with Crown Prince Danilo which afterwards was signed by King Nicholas. This compact provided for the sultan's sovereignty over Albania state which was to join the Balkan league while Scutari and Giovanni Di Medua were to belong to Montenegro. Russia is understood to have sanctioned the scheme. It is rumored that Djavid Pasha has overthrown the provisional government at Avlona.

An Antivari dispatch to the Express says: "Fifteen thousand troops are here and soldiers are arriving continually. Every preparation is being made to hold the town against attack. Famine prevails, however, and only the smallest supplies can be given to the starving thousands."

COMMISSION CALLS POLICE

Illinois Senate White Slave Investigation Is Enlivened by Two Attorneys Who Appeared as Counsel For the Working Girls

Springfield, Ill., April 30.—Police were called upon to keep order at the hearing of the Illinois senate white slave investigation here last night. The hearing was attended by a crowd evidently hostile to the commission. The disturbance was caused when A. M. Fitzgerald and C. E. Mortimer, Springfield attorneys who declared they represented leading citizens of Springfield, requested to address the commission. They were told they could do so only if they took the witness stand. The crowd became noisy at the refusal of the committee to hear Fitzgerald and Mortimer. Springfield attorneys who declared they represented leading citizens of Springfield, requested to address the commission. They were told they could do so only if they took the witness stand. The crowd became noisy at the refusal of the committee to hear Fitzgerald and Mortimer.

Issued a Statement.

Mortimer and Fitzgerald had issued a statement in the afternoon offering their services as counsel to any working girl subpoenaed by the committee. Their statement declared that injustice had been done the working women of Springfield and that the nature of the testimony heretofore offered before the commission has not cast any light of value on conditions in the city.

The statement adds: "We do not intend that the imputation and insinuation that a working girl because she may not receive a sufficient wage for her services may become immoral, shall go unchallenged. It is an outrageous imputation and a slander on the working girls of our city."

"We strongly advocate investigations that would tend to promote a better wage and better working conditions for the working girls of our city, but we are unalterably opposed to public parade by this commission of the misfortunes of fallen women and the mingling therewith of the economic question of fair wages for the good and struggling girls of Springfield."

DIAZ AND CARRANZA

Agents of Two Mexican Leaders Are Reported to Be in Conference—Federal Commanders Are Negotiating to Join Rebels

Eagle Pass, Texas, April 30.—Reports say that negotiations for an alliance between Felix Diaz and Governor Carranza, constitutional leader, are afoot, have been spread here by four alleged agents of the two Mexican leaders.

Active hostilities in the zone controlled by Carranza seem to have ceased. This is reported due to negotiations by the federal commanders opposing Carranza, General Aubert and Lopez, to join the constitutionalists' cause.

Two of the agents who reached here last night were Eliaco Arredondo and Francisco Quevedo, Carranza's confidential agents. They went immediately to Monclova, Mex., to consult with the governor. The other two are Miguel Gonzales and Leopoldo Martinez, said to be representatives of Felix Diaz.

SECRETARY'S WIFE TAKES REST CURE

Washington, April 30.—Mrs. William Jennings Bryan, wife of the secretary of state, is taking a two-days' rest cure at a local sanitarium. Since coming to Washington Mrs. Bryan has had the task of furnishing and getting settled in a large home as well as meeting the great social obligations due to her position as the wife of a cabinet officer. The absence of Mr. Bryan in the west gave opportunity for a brief respite. Mrs. Bryan expects to return to her home tomorrow.

BRYAN FAILS IN MISSION

After a Lengthy Conference the California Legislators Declare They Will Pass an Amended Land Bill Against All Aliens

Sacramento, Cal., April 30.—If the purpose of the visit of Secretary of State Bryan was to check further action by the legislature on an alien land law directed against the Japanese, his mission has been a failure.

The conference between Secretary Bryan and the legislators closed at 11:30 o'clock last night. Within three minutes, and before most of the spectators knew what had occurred, Senator A. E. Boynton, president of the legislature, convened the senate and an amended bill, which provides that no alien who is ineligible to citizenship under the laws of the United States may hold real property in California, was adopted as a substitute for the pending measure by unanimous viva voce vote.

It will come up for final passage in the regular course of business Thursday morning and undoubtedly will be approved, according to the predictions of the administration leaders.

When it comes to Governor Johnson it will be signed. The new bill is drawn in strict conformity with the treaty between Japan and the United States, but all efforts to secure an opinion from Secretary Bryan or President Wilson failed, and the state leaders decided forthwith to proceed with their plans for enacting it into law.

Secretary Bryan brought into the final conference further messages from President Wilson, but they met with no response from the legislators. At the close of the secret meeting Governor Johnson and a number of the administration leaders declared their opinions remained unchanged.

Message From Wilson.

President Wilson's messages were in the form of replies to questions asked by Secretary Bryan on the preceding day. In answer to the question of the effect of the law contained in the words "ineligible to citizenship" would have on the federal government, President Wilson sent the following to Mr. Bryan:

"I can only say that I cannot assume that the representations heretofore made to the governor and legislature, and which your presence in Sacramento must necessarily have greatly emphasized, will be disregarded, and so render it necessary to consider that question."

That was taken as the nearest approach to a threat of danger that has been made since the conferences began.

In reply to a question as to whether the substitute bill drawn by Attorney General Webb, which was acted on by the senate later would be acceptable, Secretary Bryan said: "I have telegraphed to President Wilson, and he deems it inadvisable to sanction any particular statutes or forms of legislation. He thinks that it should be made emphatically evident that we are acting just now as the federal government, sanctioning not this or that, but as friends of California, wishing to be of such service as is possible to California in a critical matter."

When Secretary Bryan concluded reading and discussing his messages, the conference came to an end.

Gov. Johnson's Statement.

Governor Johnson prepared a statement in which he expressed the views of the majority party.

"The conferences between the secretary of state and the legislature were concluded tonight," it says. "We are delighted with Mr. Bryan, and all that he said was given the most attentive and respectful consideration. Every opportunity was accorded him, and the conference closed only when he stated that he had nothing further to say."

"The members of the government of California with unanimity expressed themselves as desiring to aid the national government and in no wise to embarrass it. The spirit pervading the meetings was one of friendly co-operation and full patriotic purpose."

"After all, though, I think the majority of the legislators felt, and I certainly do myself, that no sufficient reason has thus far been offered that should cause California to halt in any contemplated legislation."

"If any law be enacted, it may be safely asserted, treaty obligations will be scrupulously observed. The Japanese will not be singled out by any act. The classification made by the naturalization laws of the United States, established by the constitution of California and sanctioned by the laws of other states, will probably be followed."

"This, of course, is our legal and moral right to do; and such enactment by California cannot justly and logically be either offensive or discriminatory."

SWINDLERS GO TO JAIL

Officers and Promoters in a Mexican Company Are Sentenced For Unlawful Use of United States Mails in Selling Stock in Concern

Philadelphia, April 30.—Judge Witmer in the United States court yesterday refused a new trial to the convicted promoter officers of the International Lumber and Development company and immediately imposed sentence upon the five men, John R. Markley and Isaiah Miles of Chicago, promoters of the company, were fined \$10,000 each, and sentenced to fifteen months imprisonment; William H. Armstrong, Jr., of Philadelphia, former manager of the concern, and Charles R. McMahon of Philadelphia, secretary-treasurer, were fined \$2,000 each, and given two years in prison.

Colonel Alfred G. Stewart of Mason City, Ia., a director, was fined \$1,000 and sentenced to one year's imprisonment.

The men were interested in property in Mexico and used the mails and newspaper advertisements to sell stock. The government charged that the scheme was fraudulent and that nearly \$6,000,000 was realized by the promoters. Some of this money was returned to stockholders in the form of unearned dividends.

During his argument for a new trial today former Senator Mason of Illinois, for the defense, said that the daughter of a postal inspector and the wife of one of the jurors were friendly and sat together in the courtroom during the entire trial, which lasted four weeks.

Judge Witmer interrupted Mr. Mason and with much emphasis said: "Now look at the other side. I have positive information that a person interested in the defense made love to a juror and I also have information that a lawyer not directly interested in the result tried repeatedly to improperly influence the jury." No names were mentioned.

DEFENDS ATTITUDE OF CALIFORNIANS

Philadelphia, April 29.—A general defense of the attitude of those who oppose alien ownership of land and unrestricted Asiatic immigration was made today by H. H. Stevens, member of the Canadian parliament from British Columbia, in an address before the Poor Richard club.

Declaring that the eastern United States and the eastern part of Canada "could appreciate the real situation on the Pacific coast, they would sympathize with the viewpoint of the people out there towards the Japanese and Chinese," Mr. Stevens laid down as a basis for his argument that "immigration is a privilege we grant, not a right for aliens to claim."

"It may seem a small thing to let them own thirteen thousand acres of land. But this is an opening wedge, a beginning," he said. "Californians think they know only too well how it would end. I think any one who studies conditions out there will agree with me that it would be criminally derelict for the lawmakers to do anything that would tend to upset present standards of civilization."

Calls a Meeting.

Grand Junction, Colo., April 29.—President James L. The meeting, which will last three days, will be addressed by leading advocates of the Midland Trail as the route for the proposed ocean-to-ocean highway.

STRIKERS IN BIG RIOTS

Soldiers, Police and Laborers Clash at Harvester Company's Twine Plant at Auburn—Drastic Measures Are Expected to Be Taken

Auburn, N. Y., April 30.—Militia called out last night did not prevent rioting at the International Harvester company twine mills this morning. There were several battles between police, soldiers, deputies and strikers. Sixty strikers were arrested. Three of them were women. The women fought with all the weapons of their sex and were taken to police headquarters biting, scratching and kicking.

Among the men arrested was the strike leader, Gaetano Termini, the organizer of foreign unions here.

Sheriff Drake and Deputy Sheriff Tetter were attacked by fifty women as they were escorting girl employees who wanted to go to work, and after a stone throwing battle they arrested the women who led the attack.

The purchasers were represented by Theodore G. Smith, vice president of the International Trust company. Other interested persons present at the sale were the following: Caldwell Yeaman, representing the Bankers' Trust company, holder of the mortgage against the road; Attorney Gerald Hughes, representing the railroad; C.
